

PERMANENT FRAMES AND DISPOSABLE PADS IS THE MOST ECONOMICAL WAY TO FILTER AIR. (National Air Filtration Association)

GREAT FEATURES

CONVENIENT:

Eliminates the hassle and expense of traveling to a retail outlet to purchase air filters.

DURABLE:

The permanent non-metallic frame will not corrode, oxidize or deteriorate.

ALWAYS HAVE A CLEAN FILTER:

Studies indicate that a clean filter can reduce energy consumption, for that unit, up to 4%.

EASILY INSTALLED:

Simply remove old filter and replace with the Pads-n-Frame system.

EASILY STORED:

Filtration inserts are shipped in an easily stored plastic bag.

SANITARY:

Filtration inserts contain Ultra-Fresh antimicrobial additive designed to effectively retard the growth of bacteria, mold, mildew and algae trapped in the media.

AVAILABILITY:

Custom sizes available at no additional cost.

SAFE:

The non-metallic frame will not cut.

EASY DISPOSAL:

Filtration insets can be disposed of in a zip lock bag or trash receptacle.

EXTENSIVE WARRANTY:

The permanent frame is unconditionally warranted for the lifetime of the original purchaser.

(See: "Warranty" on last page)

THE PADS-N-FRAME PACKET CONSISTS OF A PERMANENT FRAME AND AN ANNUAL SUPPLY OF FILTRATION INSERTS.
